FABLES COULD BREAK R.E.M.

I.R.S. recording act R.E.M. are on release with their 3rd LP, *Fables Of The Reconstruction*. The LP was produced in London by Joe Boyd (Pink Floyd, Richard Thompson). Can't Get There From Here has been taken as the first single. Much to the chagrin of critics, R.E.M.'s sound remains difficult to define - a mix of country, '60s psychedelia, and feverish '80s pop.

R.E.M.'s other members are Mike Mills (bass, vocals), Bill Berry (drums), Peter Buck (guitar), and Michael Stipe (vocals).

In a recent telephone interview, vocalist Stipe discourages the use of the word "concept" in describing the new LP.

"I don't think that concept is a really good word," he cautions. "I think the word fables in the album's title comes the closest to defining what we were after - more of a narrative style on this record."

Was this the first time for the band recording in England? "We'd done the other records in North Carolina with Mitch (Easter) and Don (Dixon)," Stipe responds, "but we wanted an outsider on this one; we like working with Joe (Boyd). There's little difference between recording in London and recording anywhere else, because

we tend to sequester ourselves in the studio anyway. We allot some time in the studio to develop the songwriting. You're right, we are very much a democratic band - the narrative idea really came about in the songwriting process."

Over the course of an indie single, an

EP (Chronic Town), and 2 critically acclaimed LPs (Murmur and Reckoning). R.E.M. have acquired a fanatical following - mostly airplay on college and alternate radio outlets on both sides of the border.

Stipe started the band on befriending guitarist Buck in the record store where Buck worked in their native Athens, Georgia.

Majors short on CD demand - retailers

Western retailers are complaining that manufacturers are not keeping up with the demand of compact discs for certain titles by some artists. They have also expressed concern that some current popular releases haven't even been received.

"The biggest problem is the lack of supply on the part of most of the majors except for PolyGram," said Adrian Bilodeau, Software Manager for Vancouver's A&B Sound. "We still don't even have the Mick Jagger release on CD."

Bilodeau revealed that the company's sales of compact discs are up about 100% compared to the first half of last year, but he emphasized that this is still only three to four percent of the business.

"If the record companies get their act together it could be 10% of our business by Christmas," he said, "And I expect that to double in a year."

Bilodeau also points up the increase in sales of CD hardware and suggest that this is due primarily to the broader range of hardware available at cheaper prices - as well as the fact that the players are compatible with their own systems.

"The durability factor and sound difference of compact discs are so great that people were willing to pay for it. The sound is exceptional. As the selection grows, people will be more selective."

Murray & Foster team for session

Anne Murray, 4 time Grammy Award winning Canadian female vocalist and 4 time Grammy Award winning Canadian producer, David Foster have teamed for the first time for an album session. Foster will produce a couple of tracks for Murray's next LP release, expected for Christmas. The session is taking place in Toronto.

Foster, who tied with Lionel Richie for Producer of The Year, last February, has written and/or produced several current U.S. hits which include releases by Kenny Loggins, Chaka Khan, Jack Wagner, Paul Hyde and The Payolas, Chicago, Bill Withers, Northern Lights' Tears Are Not Enough, and John Parr's Man In Motion. The latter is the title theme for the forthcoming film St. Elmo's Fire.

WEA's No Lifejacket Required Cruise to nowhere with Captain Stan Kulin, seen here with a very heavy crew of industry VIPs.

At time of writing, Bilodeau lists A&B's top selling CDs as Dire Straits, Tears For Fears and Julian Lennon.

"The immediate future of the CD is good," he said. "It's going to be fantastic. Canada isn't really in tune with the rest of the world - we're still doing 70% of our business in records. It will probably be 5 years before we see drastic changes in record sales."

Dorothy Shimonichek of Edmonton's Total Sound, also confirmed the supply problem of CDs.

"There's more of a demand for compact discs, but we don't get them in soon enough," she said. "It takes so long to get some titles."

She reported company sales of CDs has risen significantly in comparison with last year.

"People are starting to buy CD players," she said. "They think it's a better investment than records or cassettes. It's something new for the future and compact discs are so durable compared to an LP. I think CDs will take over LPs, but not cassettes. CDs sound so much better."

Shimonichek revealed that most of the company's compact disc sales are in the rock and classical categories - some of the current favourites being Dire Straits, Supertramp, Tina Turner, John Fogerty, and Bryan Adams.

MCA release for Q's 7th Homegrown LP

MCA has released Q-107's (Toronto) latest Homegrown LP, the 7th in their annual series. The album contains 12 tracks representing the finalists in the contest.

The first prize winner was Regatta, who will have a single release on the MCA label; will open for a major CPI concert; will be featured in an article in Music Express; a video will be put together for them by Tube Productions; and they are also now the proud owners of an Akai MC1212, 12 track recorder from Steve's Music. The second prize: 50 hours of studio time at the Hit Factory with production by Bob Gallo, went to Secret Lives. The third prize winner was Mach IV, who won a \$3,000 gift certificate from Mimi Jeans.

Q's Homegrown series has successfully launched the careers of several Cancon acts over the years including Honeymoon Suite, Boys Brigade, SanTERS, Truth And Rights, 20th Century Rebels and Oliver Heavyside. The latter has just signed a worldwide agreement with Capitol.

This year's Homegrown LP, which credits Lou & Macko as executive producers, also contains tracks by Aceboy, James Ambrose, Exposure, Zip Zip 4, Kelly Partland & Fifth Avenue, Cheryl Lescom & The Limit, M.O.I., The Mark, and Apple Viper. All proceeds from the sale of the album go to charity.

WALT SAYS

Talking to an outsider!!!

If the Cancon music industry ended tomorrow, we would have left quite a legacy that has developed over the past 20 years. It was only when I had to explain what I do and why I do it to an outsider when I became aware of how much had been accomplished in the last 2 decades. "Why hadn't this started before 1964 . . . ?" was one question I didn't have the answer for. By the way has anyone thought of nominating Paul Anka for a Canada Medal? (EC: Or Robert Goulet for that matter?)

Radio is NOT the enemy . . . !!

After preaching for decades that radio is the best friend the record industry has, it has come to my attention that some companies (well . . . at least one) have a secret HATE for radio and all radio people. I appeal to these misguided souls to change their ways - turn over a new leaf, if it isn't too late! What would the record industry do without radio. I ask you!!!

Things are bad!!!

In case any of you were thinking about buying into that great and marvellous moneymaker when they were going public . . . I can report that they aren't paying their bills . . . and we are talking mucho money . . . and they're cutting staff and finally . . . GET THIS!!! They are returning 2 of the leased BMWs. Things are REALLY BAD!! (EC: And they are such nice people!)

" . . . the prophets of doom, the messengers of mediocrity, will be overwhelmed by the new generation of competent, creative, confident artisans and by all those of preceding generations who have already demonstrated their freshness of mind, their talent and their capacity for inspired leadership."

Sour grapes department . . . !!

Burning question answer: No they haven't! No they won't! Pretty soon they'll be gone and won't have to! Next! Visitors to the east: Now you're ganging up on me! Forget you ever heard of me. There is nothing east of the Quebec border. Goodbye Forever! The Juno question: Yes they do! No they don't! They might! Nobody wants to guess, and if they do, they're crazy!!! (EC: Why don't you answer your mail and stop using my column for coded messages!!).

There was a time . . . !!

There was a time when the idea of attending a Canadian production of a musical was painful. That has changed, and much of it is because of the professionalism of the people who operate Toronto's Limelight Theatre. I can give them no greater compliment than to say that every aspect of their dinner theatre operation is first rate. The theatre, food, staff, production, and cost all make sense. I have a whole new respect for dinner theatre and Canadians who sing and dance in their productions. I highly recommend the current production of Chorus Line. It's a must see!!

Impossible!!!

The vicious and obviously untrue rumours that the performers weren't paid for their appearances on the Junos is a rumour meant to cast a dark shadow on our whole industry. It can't possibly be true. If it was, it would set the entire industry back 10 years! What a shame that such a vicious rumour should have been started (EC: On the other hand!!).

Is it full circle time . . . ???

Rumours! Rumours! . . . god, what would we do without rumours? Here's one for you: When I first published RPM, there were a number of very aggressive independent

MCA display contest for Future soundtrack

MCA is preparing the July 17th launch of a major national retail display contest in support of the Back To The Future soundtrack. The contest will involve all accounts who will shortly receive their p.o.p. material which includes header cards, posters, banners, mobiles and slicks.

The first prize is 7 days in Hollywood for 2 with accommodation in a luxury hotel plus \$500 in spending money. Second prize is a VCR player plus 10 MCA movies, and the third prize is \$250 in cash. The contest is expected to last one month.

Initial single release from the album is The Power Of Love by Huey Lewis & The News. The single was one of the most added during its week of release and entered the RPM 100 singles chart at No. 68 with a bullet, making it the highest placing single for that week.

The LP also includes Lindsey Buckingham's (formerly of Fleetwood Mac), Time Bomb Town; Eric Clapton's Heaven Is One Step Away; and another Lewis track, Back In Time. All singles released from the album will be supported by videos.

labels. One by one they opened their own offices . . . and all went on to great heights. The rumour is that a major player in this group could return to their original status . . . as an independent being distributed by a major. Unfortunately the morale is quite low throughout their operation . . . and can you blame them . . . ???

Don't sell the retailer too short . . . !!

A very, very important programmer confided in me last week . . . and revealed that one of his most important sources for picking new music comes from talking to retailers and rackers (EC: Do they still call them rackers???) and that makes sense. Just checking on what some of our retail contacts predict for hits is pretty astounding.

Didn't we tell you . . . ???

Go Go! is starting to become a big item in parts of the Youesay! . . . and as reported in this column, some months ago, may spread to Canada. Some say it's a new dance craze - some say it's just disco, renamed. I think it depends on who does the mix! (EC: Clever . . . one who knows all and tells every thing!).

WEA works late-bloomers

by JoAnne Kaeding
Marketing & Publicity
Coordinator - WEA Music Canada

This is a column on late-bloomers! You know, those records that everybody likes but takes forever to break. At WEA, we have a couple just ready to burst into bloom. A recent U.S. trade ad called Depeche Mode "the English band with the French name with the North American hit" - a hit which has been 4 years in the making. After 5 albums, 5 Canadian released EP's and more than a dozen hit singles in Europe and the UK Depeche Mode are finally happening this side of the pond.

People Are People from the year old Some Great Reward album is the tune that is doing it for Depeche Mode. Ontario promo rep, Randy Sharrard (who keeps track of these things), says "the single has been serviced to radio 5 times but it's finally paying off". Many feel the current surge in Depeche Mode stock is due to the overwhelming success of their recent North American tour. Tickets for the Canadian dates were snapped up in hours and the crowd response was nothing short of phenomenal.

Currently, People Are People is in the '30s with a bullet in the U.S. trades. and this week's Canadian ads include CHUM-AM, CKOC, CJBK, CKSL, CKLC, and CKPT. Some Great Reward is nearing gold in Canada, a reward that's been a long time coming to a band that has sold over 15 million albums worldwide throughout their career.

Dokken's second album, Tooth And Nail, is another late-bloomer whose time is nearing in Canada. The album has been in the U.S. trade's Top 200 since release in October 1984 and has just entered the Top 50. Three AOR tracks have brought this album very close to gold in the U.S. and Q107's listeners have been rockin' with Dokken for quite sometime now. The 3rd track, Alone Again, has been in Q's Top 10 at 10 for over 2 months including a lengthy stay at No. 1. Our feeling is that Dokken will be following shortly in the illustrious footsteps of Ratt and Motley Crue.

Honeymoon Suite (actually more perennials than late-bloomers) have just issued a fourth single from their platinum debut album. Wave Babies was serviced to Toronto radio with the help of 2 bikini-clad girls who were also featured in the video for this song. Comments from several PD's cannot

Johnson, Gane & Lord co-producing M+M LP

Current/RCA recording act M+M are presently at work on their forthcoming LP, at this writing entitled The World Is A Ball. The LP's bed tracks were completed in April of this year at Le Studio in Quebec, with current recording taking place at Crescent Studios in Bath, England.

M+M principals Mark Gane and Martha Johnson are sharing production duties on the project with David Lord - notable for his work with Peter Gabriel, Tears For Fears, and Icicle Works.

The LP is slated for a late August release in North America, followed by a European release in September.

Tony Levin, latterly prominent as Peter Gabriel's bassist, guested on 2 of the tracks for the album.

be repeated (use your imagination) but the promotion was a success and a good time was had by all. The flip of the single features a 3-min. track called Suite Talk, which is the band discussing a variety of topics.

WEA UK plans a major push behind Wave Babies claiming this is the single they were looking for all along. Honeymoon Suite's second album originally scheduled for an August release, has been pushed back to early '86 to give the guys a breather, but you can still catch them live at Ontario Place on Aug. 12 and 13.

New SummerSalt deck for Robbie MacNeill

The Millbrook, Ont.-based SummerSalt label has released a new single by Robbie MacNeill, titled Take All The Time You Need, a MacNeill original taken from his Pieces LP. The single is a follow-up to Once We Had Love, MacNeill's debut single and one that enjoyed much success on the RPM Country 60.

The single, shipped June 24, had been planned as MacNeill's "summer release", but as the label's George Condon explains, "It was interesting nevertheless to note that in our little reply card poll of programmers, this song got the most votes as the next suggested single from the album."

MacNeill, a native of Halifax who got his start in the business with Anne Murray, Gene MacLellan, Catherine MacKinnon, Brian Ahern, and Ken Tobias through CBC-TV's Singalong Jubilee, has been kept busy producing albums for other artists, one in particular being Albert Hall and his 1982 debut. A big plus for MacNeill's songwriting talent was Anne Murray's recording of 6 of his compositions including Robbie's Song, and A Million More. Says Condon, "Probably the most fascinating version of a Robbie MacNeill song is A Million More sung in Afrikaans and released in South Africa."

David Foster receives Victoria's accolades

David Foster one of the world's top recognized record producers, currently on U.S. charts with 6 hits he wrote or published, returned home to Victoria, B.C. (May 23) where he was honoured with a special tribute banquet. The Greater Victoria Festival Society hosted the tribute, in conjunction with local radio station C-FAX. The tribute was held during Harbour Festival Week.

More than 300 guests were in attendance

Victoria, B.C. tribute to David Foster, seen here with his wife Rebecca and Terry David Mulligan who acted as emcee of the event.

including many of Foster's music "buddies" from his Skylark days. There were also video tributes from many of those who Foster has recently produced or wrote material for including Kenny Rogers, Olivia Newton-John, Kenny Loggins, James Ingram and more.

B.C. Minister of Finance, Hugh Curtis, announced the establishment of a music scholarship in Foster's name, Ned Shankman and Ron DeBlasio, announced a new Victoria Music Festival scholarship for a pipe organ sight-reading class in memory of Foster's father - and Foster himself donated an annual scholarship to the festival for the best student in the sonata class.

Robert Plant, in Toronto to promote new LP, Shaken 'n' Stirred, picked up WEA triple platinum for The Honeydrippers - Vol. 1. Canada's sales for this LP are the highest per capita in the world (l to r) Kim Cooke (Atlantic Label Mgr.), Plant and Larry Green (WEA Nat'l Promo Mgr.).

R.E.M. continued from page 1

Both were big on such New York artists as Richard Hell and Patti Smith, as well as seminal acts like The New York Dolls and the Velvet Underground.

"I think that from the Chronic Town EP through to this record, you could call it a natural progression on our part," Stipe explains. "People who've stayed with us all along have to realize that we can't stick to one image, one sound, or one theme."

Fables Of The Reconstruction also contains Driver 8, Wendell Gee, Feeling Gravitys Pull, Maps And Legends, Life And How To Live It, Old Man Kensey, Green Grow The Rushes, Kouhoustek, Auctioneer (Another Engine), and Good Advices.

R.E.M. are slated for several European dates where they will share the stage with Island recording act U2.

"The U2 people have arranged all these festivals in Europe," Stipe says, continuing with "Bono - I've never met them - apparently likes us, likes our music. We leave on the 20th (June), and do 2½ weeks in Europe and then head back to the west coast to start our American and Canadian dates."

As RPM went to press, 4 Canadian dates for R.E.M. were firmed by the label - Vancouver (July 13), Edmonton (25), Calgary (16), and Toronto (Aug. 16). Montreal and Ottawa dates were to be announced shortly. The Three O'Clock have been firmed as support for Toronto, as well as Montreal and Ottawa when they are firmed.

ALBUMS

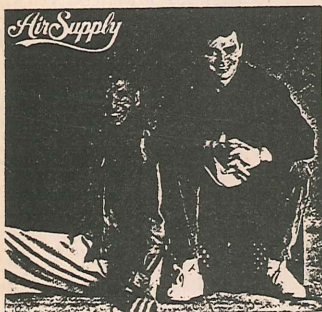

WEIRD AL YANKOVIC

- Comedy

Dare To Be Stupid

Rock 'N' Roll Records - FZ-40033-P

More yuks from the bespectacled master of mayhem, including the priceless Like A Surgeon. Produced by Rick Derringer. Also essential listening are Girls Just Want To Have Lunch, I Want A New Duck, and Yoda. Radio is having a lot of fun with this one.

AIR SUPPLY

- Pop

Air Supply - Arista - AL8-8283-N

Australia's best known syrup merchants are at it again - titles like Just As I Am (taken as a single), The Power Of Love, and When The Time Is Right. This stuff makes for superb radio fare but overall remains superficial and cloying. Guitarist Graham Russell wrote or co-wrote 7 of the tracks here. Produced by Bob Ezrin and Peter Collins. Inner sleeve with libretto. Just As I Am is into the RPM Top 30 after only 5 weeks of charting.

R.E.M.

- Pop

Fables Of The Reconstruction

I.R.S. - IRS-5592-J

The record to break Georgia's R.E.M. - given radio's cooperation. All tracks are key. Produced by Joe Boyd. Can't Get There From Here taken as a single.

a-ha

- Pop

Hunting High And Low

Warner Bros - 92-53001-P

Stylish, invigorating debut from young Norwegian trio now based in London. Take On Me, supported by a brilliant video, is the first single. Also key are the John Ratcliff-produced track of Love Is Reason and the Tony Mansfield-produced track of The Blue Sky. CHR's are already programming heavily.

THE EXPLORERS

- Progressive Pop

Explorers - Virgin - VL-2314-Q

Roxyesque musings from new band featuring (surprise) Phil Manzanera and Andy McKay - both ex of Roxy Music. Various producer credits. Key are Lorelei and You Go Up In Smoke.

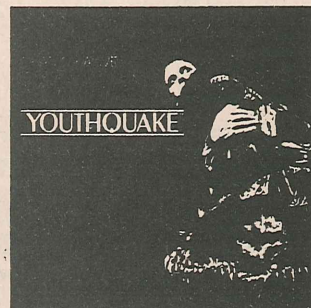

BOWKUN TRIO

- Classic/Contemp.

Bowkun Trio - Duke Street

DSR-31013-P

Debut from flute/cello/piano trio. Key: Dave Grusin's On Golden Pond and Erik Satie's Gymnopédie No. 1. Produced by Dick Armin.

DEAD OR ALIVE

- Pop

Youthquake - Epic - FE-40019-H

Nouveau disco including the inexplicably popular You Spin Me Round (Like A Record), rapidly scaling the RPM 100 singles survey. More big-beat fun is ahead with I Wanna Be A Toy, and D.J. Hit That Button. Produced by Stock, Aitken, and Waterman. Cassette format contains 2 bonus tracks.

THE PACHELBEL CANON

- Classical

AND OTHER DIGITAL DELIGHTS

Andrew Davis - Fanfare - DFL-8014

COUNTRY

New release from Yonge Street

The Toronto-based Yonge Street label, currently represented on the RPM Country 60 with Brett McNaul's For Loving You, is off with a new release. The single is Nothing More We Can Do, a duet by Donny Jerrett and Lilianne, written by Lilianne (Zlamal) and Bob Johnston. The latter is a principal in the label with Doug Virgin and Wes Starns. The single was produced by Johnston and Virgin at Toronto's Sound Design Studios. Lilianne is a veteran in the business with recordings dating back to 1976 when she recorded for the Condor label. She was also a member of the Skyliner country group, releasing an active chart single on the MBS label. Last year she was part of a vocal instrumental group known as But I'm Just A Kid, who re-

leased a George Szabo-produced LP for the Kiddin' Around label - 22 tracks written and produced for CBC Radio Variety and Children's Hour Productions.

Ray Mercey releases solo single

Ray Mercey has returned to the recording scene with his solo entry of It's All In The Touch. The song was written by Rory Bourke, Steve Bogard and Rick Giles. The single was produced by Mike Francis and qualifies as 2 parts Canon.

Baker TV package hotter'n . . .

The Special Products division of Quality Records is finding an "exceptional market" for their release of Carroll Baker's Hymns Of Gold - a TV promoted package that is just this side of 40,000 units sold. The campaign is expected to become national in scope in view of the initial ordering pattern from the test markets.

Put CHOK on the list

Record companies, managers and artists should put CHOK's Debra Jean on their list of VIPs. Debra Jean hosts a couple of very popular country shows for the station. She is formerly from Kitchener. Send your records and information material to her at CHOK Radio, P.O. Box 1070, Sarnia, Ontario. N7T 7K5. Debra will be supplying RPM with her chart and playlist action.

Double Eagle Band fronts Skaggs

When Ricky Skaggs played the Keystone Centre in Brandon, Manitoba (June 1), the Winnipeg-based Double Eagle Band did the support chores. They were so good, they've been asked to be featured in concert once again with Skaggs when he plays Grand Forks in North Dakota later on this year.

Me And The Boys the real Minglewood

Savannah recording artist Matt Minglewood is on release with Me And The Boys, an LP he co-produced with Brian Ferriman. Better known throughout Canada as head of a distinguished blues/southern-boogie enterprise called the Minglewood Band, Minglewood has assembled a new band, consisting of John Lee (piano, organ, background vocals), Grant Leslie (bass, background vocals), Roly

Platt (harmonica), and Bob Woods (drums, percussion). Minglewood handles lead vocals and guitar.

A native of Glace Bay, N.S., Minglewood dropped by the PRM offices recently prior to a date at Toronto's El Mocambo to talk about Me And The Boys and his lengthy career in the music business.

"I liked a lot of blues," Minglewood remembers about his early years, "and I grew up listening to country because that's what I heard on the radio back home. I come from a family of 'Scottish fiddle players'!"

Minglewood remembers seeing Elvis on T.V. and "starting to research the music he (Elvis) was doing". Were there elements of artistic compromise on his previous LPs?

"Yes, there were some heavy demands," Minglewood admits. "I'm happier with this one...it's closer to what we do live than anything I've done. It's pretty basic, I just let the boys play!"

Me And The Boys includes Livin' Outside The Law, Far Side Of Town, Daughter Of The Night, I Don't Have The Blues, Cheri I Miss You, Georgia On A Fast Train, Beg Borrow And Steal, Crossroads/Four O'Clock In The Morning, Sooner Or Later, and the title track. The LP's remix was produced by Mike Francis. Me And The Boys qualifies as 4 parts Canon, except for three tracks that are 2 parts (AP).

The studios were United Media (Toronto), Inception Sound (Toronto), and Grant Avenue (Hamilton).

Several musicians assisted on the LP: Doug Baynham (background vocals); Ron Dann (steel guitar); Dennis LePage (banjo); Wayne Mills (sax); and David Wilcox (slide guitar).

"I played the songs I wanted this time," Minglewood asserts. "This album is for me - I love to play, it's my 'raison d'être'!" Savannah product is distributed in Canada by Quality Records.

Karen Rostek, Promotions Director for 92/CJCH AM Stereo writes: 'Picture it! A 92/CJCH personality living in a recreational vehicle, high above a launch pad of Coca-Cola at MicMac Mall - and he'll stay there until all the Coke is sold. It's the Summer Blast Off in aid of the Dartmouth General Hospital'. The campaign kicked off June 15 at 11 a.m. with CJCH personality Dave Cochrane being launched into space above 876,000 cans (36,504) cases of Coke. He will escape his temporary home after all the Coke is sold at a reduced price of \$6.99 a case. CJCL lends airwaves to charity

Toronto's CJCL, patched into a network of Canadian radio stations (June 10) to raise money for those who suffered losses in the May 31st tornado that devastated the Barrie and Grand Valley areas of Ontario. Joey Cee production for tornado relief

(More than 60 recording artists and musicians, including Helen Reddy, got together (June 22) for a recording and video session to aid victims of Ontario's recent tornado disaster.

The session, held at Toronto's Sounds Interchange was arranged by Joey Cee, who wrote the single, Nature's Eyes, and produced the session. The single, carrying a \$3.00 price tag, is expected to be released within the next few weeks.

Rather than go through the usual way of distributing product of this nature, Cee, who hopes to raise \$6 million for the Central Ontario Red Cross Tornado Relief Fund, will be setting up booths in shopping plazas as well as employing other means to bring attention to the single.

All costs of producing the single and video have been donated to the project, except for the pressing costs of the records. All royalties, including performance royalties will be donated to the Red Cross fund.
